SUMMARY

Business development professional with **8+ years of experience driving B2B pipeline generation, market development, and revenue growth** for SaaS and data analytics products. Built a **SAR 7M+ enterprise sales pipeline from scratch** at Fortude, with **SAR 700K converted immediately** from a standing start. Track record of **entering new markets with no existing playbook**, joined Sling Mobility as **Employee #1**, built Sri Lanka's first EV mobility platform, and scaled it to a 34-person operation. Experienced in **enterprise sales cycles, stakeholder engagement at the C-suite and board level, partner development, and pilot execution**. Based in **Madinah, Saudi Arabia**, with a transferable Iqama; available immediately.

EXPERIENCE

Product Lead – GTM & Business Development

Fortude | AI & ENTERPRISE SAAS

October 2024 - January 2026

- Built a **SAR 7M+ qualified sales pipeline** with **SAR 700K in immediate conversions** from **SAR 3,750 in marketing spend**, a 1,800% ROAS targeting KSA and GCC enterprise decision-makers.
- Designed and executed a **full B2B sales funnel from scratch** for two SaaS products with no existing GTM playbook, from market identification and lead generation through product demonstrations, commercial proposals, and deal closure.
- Identified, engaged, and built relationships with **C-suite and VP-level decision-makers across KSA and GCC enterprise accounts**, managing the full sales cycle from initial outreach through stakeholder alignment and contract discussions.
- Built a **replicable GTM playbook and sales enablement data room** that allowed regional teams to self-serve client materials and replicate the pipeline approach independently.
- Presented commercial strategy, pipeline performance, and revenue outcomes at **CSO and board level** on a regular cadence.

Product Lead

Sling Mobility | MOBILITY, CLEANTECH & FLEET OPS

June 2021 - May 2024

- Joined as **Employee #1** and built the entire **B2B and B2C client base from zero**, no existing market, no existing customer list, no existing playbook.
- Managed **all vendor, partner, and enterprise client relationships**, including fleet operators, government bodies, institutional investors, and B2B logistics partners, reporting directly to the CEO and board.
- Negotiated and closed a **commercial and technical integration with Uber Sri Lanka**, coordinating commercial terms, product integration requirements, and operational handoffs with a national logistics partner.
- Presented a **campus EV mobility model to a university and the Maldivian government**, translating a complex data-driven product proposition into a government-level commercial pitch.
- Drove a **45% increase in monthly revenue** through a data-driven rider incentive model, and a **30% increase in monthly recurring revenue** through an operational feedback loop that surfaced early-warning churn signals.
- Planned, launched, and managed **pilot deployments across multiple sites**, coordinating hardware vendors, construction crews, and operational teams from concept through live deployment.

Co-Founder & Product Lead

FieldR | SPORTS TECH & SAAS

June 2019 - May 2025

- Built the **commercial base from zero**, identified early adopters, conducted product demonstrations, managed onboarding, and converted **75% of active users to paid subscriptions**.

- Secured **SAR 20K pre-seed funding** from a state entity and **expanded internationally to Australia**, signing 2 clubs through targeted outreach and partnership development.
- Developed and executed **content and lead generation strategies**, newsletters, landing pages, and social media, to drive user acquisition across the platform.

Project Manager

Motion Miracles | GAMING & FINTECH

December 2020 - June 2021

- Consulted on a **0-to-1 BNPL product launch**, owned project plan, client requirements, and partner integration. Delivered **23 product launches**, generating **SAR 200K in new revenue**.

Program Associate

GOOD LIFE X | STARTUP ECOSYSTEM

August 2020 - December 2020

- Managed a cohort of **10 eco-focused startups** through an accelerator programme; implemented OKR tracking, advised on commercial pitches, and supported lead generation strategy.

Project Manager

Win Authority Innovative | SAAS REMOTE

July 2018 - August 2020

- Supported **business development through client pitching, pricing strategy, and resource planning** across **8 SaaS project deliveries** for US-based clients.

Project Manager

MillenniumIT ESP | ENTERPRISE & BANKING

July 2017 - July 2018

- Managed a **SAR 1.5M banking-sector project**, the highest-budget intern-led project in company history. Presented weekly to **banking-sector VP-level stakeholders**.
