

THARIQ HAMAD

IT Project Manager | Enterprise Software & Digital Delivery

thariqhamad6@gmail.com | +966 56 344 1876 | [LinkedIn](#) | [Portfolio](#) | Riyadh, KSA | Transferable Iqama

SUMMARY

IT Project Manager with **8+ years of experience delivering enterprise software, SaaS platforms, and integrated digital systems** for customers across Australia, the United States, and South Asia. Most recently led end-to-end delivery of two AI-driven products on the **Infor M3 ERP platform at Fortude**, restoring release cadence on previously stalled product lines and coordinating distributed teams across multiple time zones. Career spans a **SAR 1.5M banking-sector IT project at MillenniumIT**, a portfolio of SaaS deliveries for US clients at Win Authority, BNPL product delivery at Motion Miracles, an EV digital platform at Sling Mobility, and a sports-tech SaaS co-founded and run for six years. Comfortable across agile, waterfall, and hybrid delivery models. **PMP Candidate, exam scheduled July 2026**. Based in Riyadh, Saudi Arabia, with a transferable Iqama; available immediately.

EXPERIENCE

Senior Product Manager / Delivery Lead

Fortude (Enterprise SaaS) | Remote (Australia & US enterprise clients)

October 2024 - January 2026

- Owned end-to-end software delivery of **two AI-driven enterprise SaaS products on the Infor M3 ERP platform** serving customers across **Australia and the United States**.
- Restored release cadence on **two previously stalled product lines within two quarters** by re-architecting program governance, sprint planning, risk escalation, and stakeholder reporting cycles.
- Managed the full software delivery lifecycle: **requirements, design coordination, sprint execution, QA cycles, UAT, release planning, go-live, and post-implementation support**.
- Coordinated **cross-functional teams of ~30** across engineering, QA, design, marketing, sales, and external partners across multiple time zones.
- Delivered an **AI validation agent integration** that lifted **early-adopter usage by 75%** by improving output reliability before delivery to end users.
- Worked across **Microsoft Dynamics 365** for client relationship management and sales operations workflows. Generated **SAR 7M qualified pipeline with SAR 700K converted immediately** from SAR 3,750 in spend.

Co-Founder & Technical Delivery Lead

FieldR (Sports Technology SaaS Platform) | Colombo, Sri Lanka

June 2019 - May 2025

- Co-founded and led **full technical delivery** of a sports technology SaaS from 0-to-1 through production deployment, validated at the **Sri Lanka Cricket level** (national governing body).
- Owned cloud architecture decisions and **AWS infrastructure delivery**, including environment setup, CI/CD pipeline, deployment governance, and cost management.
- Delivered web and mobile platforms supporting **40+ tournaments** and capturing **30+ live data points per match** across grassroots and top-tier domestic cricket.
- Designed and shipped the platform's fintech layer, including a **split-payment and escrow architecture** for tournament fee collection, coordinating integrations with payment gateways and banking partners.
- Led **IT incident response** during a critical live operations event: coordinated customer continuity, drove root-cause analysis, and shipped the fix **within 48 hours**.

Founding Product & Platform Delivery Lead

Sling Mobility (EV Battery-Swap Network & Digital Platform) | Sri Lanka

June 2021 - October 2024

- Joined as **Employee #1**; led end-to-end delivery of an **integrated digital platform** underpinning Sri Lanka's first battery-swap EV ecosystem.
- Delivered the full software stack: **rider mobile application, real-time IoT command center, swap station digital interface**, and backend data architecture.
- Managed integrations between **software systems and physical hardware**: battery telemetry feeds, IoT modules, vendor APIs, and station-level controllers.
- Delivered platform outcomes, including **75% reduction in rider roadside incidents** and a **148% increase in daily rides per rider** (from baseline 25 to steady-state 62).
- Coordinated cross-functional delivery across software engineering, IoT, operations, and customer support; scaled the technical team alongside platform growth.

Project Manager

Motion Miracles (Fintech BNPL & Mobile Gaming) | Colombo, Sri Lanka

December 2020 - June 2021

- Delivered a **0-to-1 BNPL product launch** as lead PM: owned project plan, requirements, scope, **KYC workflow design**, and partner integration delivery.
- Managed parallel delivery of **23 hyper-casual mobile games** across multiple publishers, generating **SAR 200K in new revenue**.

Program Associate

GOOD LIFE X Accelerator | Colombo, Sri Lanka (Remote)

August 2020 - December 2020

- Managed end-to-end delivery of an accelerator programme supporting **10 eco-focused Sri Lankan startups**; coordinated stakeholders across founders, mentors, and investor partners.
- Implemented **structured OKR tracking frameworks** to monitor cohort progress and surface escalation points to senior leadership.

Project Manager

Win Authority Innovative (SaaS & Web Applications) | Wyoming, USA (Remote)

July 2018 - August 2020

- Delivered **eight SaaS and web application projects** end-to-end for US-based clients, managing a **team of four developers** across timeline, budget, and scope.
- Owned full delivery lifecycle: requirements, scope definition, sprint planning, vendor coordination, release management, and UAT.
- Supported business development through client pitching, pricing strategy, and resource planning.

Project Manager (Intern)

MillenniumIT ESP (Enterprise IT & Banking Sector) | Colombo, Sri Lanka

July 2017 - July 2018

- Managed a **SAR 1.5M banking-sector IT project**, the **highest-budget intern-led project** in the organization's history at that time.
- Coordinated a **multi-country development team** through the full delivery cycle: requirements, build, UAT, and release.
- Reported weekly project status, risks, and timelines directly to client stakeholders and the **banking sector VP**.

EDUCATION

BSc Information Systems with Business Management | University of Westminster

2016 - 2019

CERTIFICATIONS

- **PMP Candidate Exam: July 2026** | Project Management Institute
- **Product Management First Steps** | Project Management Institute
- **Fundamentals of Digital Marketing** | Google Digital Garage
